COMFORCE CORPORATION ANNOUNCES SECOND QUARTER 2004 RESULTS

Revenues Rise 32.3% for Quarter and 29.3% for Six Months Over Prior Year

Woodbury, NY - August 5, 2004 -- COMFORCE Corporation (AMEX: CFS) a leading provider of high-tech professional staffing, consulting and outsourcing services, today reported results for its second quarter ended June 27, 2004. Revenues rose 32.3% to \$117.6 million from \$88.9 million for the second quarter of 2003. Sequentially, revenues increased 9.4%, compared to revenues of \$107.4 million for the first quarter of 2004. The improvement in revenues was primarily attributable to the continued strong growth in PRO Unlimited. For the quarter, PRO's revenue grew to \$65.6 million, a 43.1% increase over the comparable quarter last year. The Company also realized growth in certain sectors of Staff Augmentation. Technical Services, which includes Government Staffing, rose 27.6%. Service revenues in Financial Outsourcing also increased.

Gross profit for the second quarter of 2004 was \$17.7 million, or 15.1% of revenues, compared to \$14.8 million, or 16.6% of revenues in the second quarter of 2003. Operating income for the second quarter was \$3.2 million, compared to operating income of \$1.9 million for the same quarter last year. Interest expense in the second quarter of 2004 was \$3.0 million, compared to \$3.7 million for the second quarter of 2003. As previously announced, a reduction in the Company's public debt of approximately \$70 million since June 2000, has enabled COMFORCE to reduce its annual interest expense by approximately \$7.0 million, including borrowing at the lower rates available under its bank credit facilities to effectuate repurchases of public debt and by exchanging preferred equity and lower

interest rate convertible notes for this public debt. During the second quarter of 2003, the Company wrote-off approximately \$431,000 of deferred financing costs relating to its previous credit facility.

During the second quarter of 2003, the Company reported a gain on debt extinguishment of \$983,000, which related to the repurchase of 12% Senior Notes.

SIX MONTHS RESULTS

COMFORCE reported revenues of \$225.0 million for the first six months of 2004, an increase of 29.3%, compared to revenues of \$173.9 million for the same period last year. Service revenues in Financial Outsourcing also increased.

Operating income was \$5.9 million for the first half of 2004, compared to an operating income of \$4.8 million for the first half of 2003. Included in operating income for the first six months of 2003 was a \$1.6 million insurance recovery related to a non-cash charge for uncollectible funding and service fees receivable.

As previously announced, in the first quarter of 2004 the Company repurchased \$13.5 million principal amount of Senior Notes resulting in a gain on debt extinguishment for the Company of \$2.0 million. This compares to the Company's \$8.8 million gain on debt extinguishment in the first six months of 2003 for its purchase or exchange of its 12% Senior Notes and 15% PIK Debentures.

COMMENTS FROM MANAGEMENT

John Fanning, Chairman and Chief Executive Officer of COMFORCE commented, "We are most pleased to have reported our second consecutive quarter of double digit revenue growth over the prior year's period.

"In particular, we are enthusiastic concerning PRO Unlimited, which is continuing to propel our overall revenue growth. PRO was primarily responsible for the general improved revenue growth, both year-over-year and sequentially.

"We believe PR'O's expertise in human capital management separates it from its competitors and has enabled it to become one of the recognized leaders in the human capital management field. The increase in revenues PR'O has been realizing is being driven by Fortune 500 companies continued demand for the types of services that PR'O offers.

"We are also excited and encouraged by the strong growth we are seeing in various segments of Staff Augmentation. We have long believed that government staffing represents an excellent growth opportunity for COMFORCE and recent government funding initiatives are bearing out our beliefs. We expect that we will continue to benefit from this increased spending and our positive governmental relationships.

"We also believe that our RightSourcing Vendor Management Services within Healthcare Support Services present strong opportunities for future revenue expansion, and we are continuing to put an emphasis on growing these areas.

"Further, we are encouraged by the initial response that we are receiving concerning the staffing of Sarbanes-Oxley specialists and believe that this represents another niche market opportunity for COMFORCE."

Mr. Fanning concluded, "We are pleased with our six months results and we expect to see solid performance for the balance of 2004.

"We will continue to focus on growing all areas of our business and gaining market share with the improving economy. We intend to continue to prudently invest in our business, while controlling costs."

Various statements made in this release concerning the Company's expectations are forward looking statements. The Company may be unable to realize its objectives due to various important factors, including, but not limited to: weakness in job growth or renewed economic malaise generally or in key industries served by the Company, such as aircraft manufacturing and information technology, a reduction in government spending in key sectors served by the Company, or a reduction in the demand for outsourcing services generally which could heighten competition among staffing companies and negatively impact revenues and margins; the Company's significant leverage may leave it with a diminished ability to obtain additional financing for working capital, capital expenditures or acquisitions, for retiring higher interest rate debt or for otherwise improving the Company's competitiveness and capital structure or expanding its operations; and the recent effectiveness of new accounting rules will heighten the standards under which the Company must evaluate annually the retention of goodwill on its books and create a greater likelihood that the Company will be required to write-off goodwill in future periods (in addition to the write-offs of \$74.0 million in 2002 and \$28.0 million in 2003), which could have a material adverse impact on its financial condition and results of operations. Additional important factors are described under "Forward Looking Statements" in Part II, Item 7 of the Company's 10-K for the year ended December 28, 2003 and under "Risk Factors" in the S-8 of the Company filed with the SEC on April 24, 2003 (Registration No. 333-104730). These disclosures may be accessed through the SEC's web site at "www.sec.gov" and will be forwarded free of charge upon request made to Linda Annicelli, VP of Administration, at COMFORCE Corporation, 415 Crossways Park Drive, P.O.
